Stephanie Stojanovski: Tuesday's 1:30 PM – 3:30 PM OR By Appointment

#### **Course Objectives:**

This course will provide undergraduate level students an overview of career management topics including the changing employment reality, career stages, and career paths. In addition, the topics for this course will cover phases of career management including understanding self-assessment results, preparing for the job market, understanding the job search process, and maximizing effectiveness in career development. Basic personal career enhancing skills will also be addressed including resume writing, interviewing skills, work-life harmony, and relocation. As a core class within the Human Resource Management (HRM) major, this course is relevant as HR managers are often placed in the role of advising others with respect to their

careers while simultaneously managing their own. This course will offer an introduction to the issues relevant for students' current and future career management.

#### **SMLR Learning Objectives:**

This course is designed to help students attain the following SMLR learning objectives:

# IV) Theoretical Perspectives - Demonstrate an understanding of relevant theories and apply them given the background context of a particular work situation.

- Demonstrate an understanding of the practical perspectives, theories, and concepts in their field of study
- Evaluate and apply theories from social science disciplines to workplace issues

VII) Professional Development – Demonstrate an ability to interact with and influence others in a professional manner, and to effectively present ideas and recommendations

- Develop effective presentation skills appropriate for different settings and audiences
- Develop career management skills to navigate one's career
- Understand cultural differences and how to work in a multicultural environment
- Work productively in teams, in social networks, and on an individual basis
- Develop cultural agility competencies
- Demonstrate lifelong personal & professional development skills

#### **Examinations**:

There will be two non-cumulative examinations as noted on the course schedule. These exams will be taken in class. Make-up policy: An examination grade of "0" will be assigned to any student who does not have an excused absence as defined on the syllabus.

Students with learning disabilities should present a statement to that effect with appropriate documentation as early in the semester as possible, but certainly prior to the first midterm examination. A makeup exam will be held at a time convenient to the instructor when all students needing to take the makeup can be present. An examination cancelled by the instructor will be held at the next regularly scheduled class period.

#### **Assignments**:

Seven assignments are to be submitted in class ONLY on the date indicated on the syllabus, unless stated otherwise. All assignments are worth either 5, 10, or 20 points. Ensure you answer all parts of the assignment. Each assignment must be typed and well written and will be graded on a scale from 0 to 5 points (#3, #6), 0 to 10 points (#4, #5), or 0 to 20 points (#1, #2, and #7).

Late assignments will be automatically penalized if arrangements are not made in advance for late turn-in or without a valid excused absence. Assignments handed in late without a valid excuse will be deducted 20% within 1 week late and then a "0" will be recorded. Questions concerning grades must be addressed within 2 business days of assignments returned in class, regardless of whether you were in class that day.

#### THIS POLICY WILL BE STRICTLY ENFORCED.

#### **Attendance / In-Class Participation:**

This is an interactive class and participation is expected. Students can learn a tremendous amount from each other - you should feel free (and be prepared) to provide your comments, ask thoughtful questions, and share your own experiences with the class. Moreover, active engagement with course ideas and concepts (i.e., thinking about how they apply and why, generating questions or examples) helps develop well-rounded, reasoned judgments. Finally, research shows that students learn more when they are engaged and participate actively.

Attendance and active participation are important class components and worth 10% of the grade.

#### **Excused Absences**:

Excused absences include illness (verified by a note from a doctor); inclement weather only when the Rutgers Information Service (848-932-INFO) indicates that Rutgers is closed; religious holidays, or when the instructor emails the class announcing class is suspended.

#### **Grading**:

Assignments: 50%
Midterm Exam: 20%
Final Exam: 20%
Attendance/Participation: 10%

Total: 100%
